

DC SLIDING MOTOR

VELOCE

Product Features

- The appearance contains the most advanced industrial design concept and is made with the latest Mold technology, which is beautiful, high-grade, and full of texture.
- The base is made of high-strength aluminium alloy, with good sealing, corrosion prevention, and rust prevention.
- The model is compact and exquisite, with large power and large starting torque.
- Unique circuit design, wide voltage adaptation range.
- Equipped with overheat protection function to ensure that the motor will not be burnt due to overheating.
- Unique clutch design, double protection, security and anti-theft.

Main Technical Parameters

MODEL	VELOCE - 05M	VELOCE - 08M	VELOCE- 12M
POWER INPUT	AC 220V / DC 24V		
MAIN DOOR CHAMBER	500 KG	800 KG	1200KG
POWER	150W	200W	250W
PACKAGE SIZE	33CM LONG 23CM WIDE 44CM HEIGHT
